Computer Science Engineering student currently in the Final Year (7th Semester) of B.Tech at IMS Engineering College, affiliated with AKTU University (Expected Graduation: 2026). Strong foundation in programming, problem-solving, and full-stack software development, with hands-on experience in building real-world projects.

Proficient in Java, C, C++, and python, along with practical development experience in front-end (React.js, next.js, JavaScript, HTML, CSS) and back-end (Node.js, REST APIs, MySQL, MongoDB) technologies. Skilled in Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), and Cloud Computing fundamentals.

Eager to apply technical expertise, learn emerging technologies, and contribute to impactful, scalable, and innovative software solutions.

Technical Skills

Languages	: Python, C++, Java
Front-End	: React.js, JavaScript (ES6+), HTML5, CSS3
Back-End	: Node.js, Express.js, REST APIs
Databases	: MySQL, MongoDB
Core CS	: OOP, DSA, DBMS
Tools & Platforms	: Git, GitHub, VS Code, Postman
Cloud & Concepts	: AWS basics, Deployment fundamentals

Experience & Projects

CodePairArena - Interactive and Coding Platform

[Live Demo](#) | [Frontend](#) | [Backend](#)

- coding and interview practice platform, featuring an interactive **Monaco Editor** with multi-language support and live code execution.
- It enables users to join coding rooms, collaborate, chat, and solve problems together with synchronized editor updates powered by **WebSockets** / socket.io and **WebRTC**.
- The backend is built on **Node.js & Express**, integrated with MongoDB, authentication, real-time events, and scalable REST APIs to ensure secure and seamless coding sessions.

Portfolio Website

[Live Demo](#) | [Frontend](#) | [Backend](#)

- Engineered and launched a fully responsive personal portfolio website using React.js, HTML, CSS, JavaScript, and Firebase for hosting and backend support.
- Designed dynamic UI components, integrated smooth navigation, and optimized performance for seamless user experience.

Image-QR Generator

[Git Repo](#) | Frontend

- Built an interactive tool that converts user input and images into QR codes, implemented using JavaScript, HTML, CSS, and bit manipulation techniques.
- Ensured efficient QR rendering and responsive design for cross-device usability.

Weather App

[Git Repo](#) | Frontend

- Developed a real-time weather forecasting application using OpenWeather API integration and dynamic JavaScript functionalities.
- Designed an intuitive UI to display live temperature, humidity, wind, and location-based updates.

OCR Receipt Scanner App

- Created an Android application capable of extracting text from receipts using Optical Character Recognition (OCR) and real-time image processing.
- Implemented clean UI in XML and integrated text extraction with accurate formatting and storage.

Netflix Clone

[Git Repo](#) | Frontend

- Developed a front-end clone of Netflix using HTML, CSS, and JavaScript, replicating responsive UI and user experience.
- Integrated TMDB API to dynamically display movie categories, banners, and trailers with smooth scrolling and card animations.

Education

- B.Tech in Computer Science – IMS Engineering College, Ghaziabad (AKTU University)
- Intermediate (12th Grade) – Tagore Shiksha Sadan, Hapur, UP-Board (2022)
- High School (10th Grade) – Tagore Shiksha Sadan, Hapur, UP-Board (2020)

Achievements

- Designed, developed, and deployed multiple academic and personal software projects.
- Earned certifications in Python, JavaScript, Java, React.js, and Web Development
- Solved and optimized numerous Data Structures and Algorithms (DSA) problems on platforms like LeetCode.

Strengths

- Excellent analytical, problem-solving, and debugging capabilities
- Adapt quickly to new technologies and frameworks with strong self-learning skills.
- Apply logical reasoning with a robust grasp of data structures and algorithms.
- Manage time effectively while balancing multiple priorities.
- Committed to building scalable, efficient, and innovative software solutions.

Certifications

- Web Development Training (Organized by College)
- Basic Python Certificate – Springboard Infosys
- JavaScript Concepts Certificate – Springboard Infosys
- Java Concepts Certificate – Springboard Infosys
- React.js Certificate
- Softpro Workshop – Web Development
- Python Basics – Online Course
- Java Basics – Online Course
